Feels Right

Affinity 3.5 and 3 Turkey Elite Serious Gun, Serious Pursuit

> We took our popular Affinity shotgun, listened to feedback from avid turkey hunters, and optimized the platform into an ergonomic turkeyslaying machine. We added a Steadygrip stock and 24" barrel with a hooded front sight for hunting in heavy cover, and combined OPTIFADE<sup>™</sup> Subalpine camo with a Midnight Bronze Cerakote finish on the receiver and barrel to provide superior concealment in the woods. We used Precision Cone Patterning to lengthen the forcing cone, and added Rhino extended turkey choke tubes to ensure consistent, tight and lethal shot patterns. A Picatinny rail atop the receiver can be used to mount optics. Step into the ranks of the turkey-hunting elite with this firearm. To do so feels right.

Take the popular Affinity 3, optimize it for women's physical structure and you get the Affinity Catalyst. No, it is not a renamed youth model, as is true with other brands; it is the result of a scientific study aimed to deliver professional-level performance for women. The heart of the concept is the stock—drop, cast, pitch and length of pull. As women's cheek-bones sit higher than men's, the comb is raised to achieve eye-alignment with no need to lift the head. Also, the special cast makes it easy to shoulder. In all, the Affinity Catalyst will give women the feel and function that serious shooters expect of their firearms.

A red, fiber-optic front sight helps line up targets fast, and a barrel selector switch lets you choose which barrel fires first. Auto ejectors throw spent shells clear and the safety automatically engages when the action is opened. A classic, A-Grade satin walnut finish adds to the beauty of this fine firearm. Extended choke tubes included for fast, easy changing.

The Italian tradition and craftsmanship of the Franchi Instinct series, fully re-imagined in an innovative and affordable, over/under built specifically for women. Like its sister, the Affinity Catalyst, our Instinct L Catalyst's stock has been redesigned with a drop, cast, pitch, LOP and grip length that better aligns with a women's body. Red, fiber-optic front sights put eyes on target quickly and confidently, with a classic, A-Grade satin walnut finish that just looks right, as well. Much more than just a shorter stock dressed in pink, this is a shotgun that immediately feels right in the hands and on the shoulder of today's women shooters.

**Clay-Busting Perfection** 

The slim ergonomic forend sports a flared Schnabel shape.

Franchi's Instinct Sporting II over/under shotgun was inspired by the specific needs of clay-target shooters. The 30-inch barrels are ported to mitigate recoil and muzzle rise. Included knurled and extended choke tubes are easily identified and changed. A barrel-selector switch is integrated into the tang-mounted safety so you can choose which barrel shoots first. The fiber-optic front sight helps you line up targets quickly. Extractors lift spent hulls from the barrels for easy manual removal on the range. All this in a handsome firearm sporting an A-Grade checkeredwalnut grip, stock and Schnabel-style forend, a contrasting all-steel receiver, and a gold-plated trigger. Enjoy an optimal blend of aesthetics and performance with the Instinct Sporting shotgun from Franchi. Available in 12- or 20-gauge.
