WORKBOOK

We Are Franchi

Spending time together with friends, camaraderie in the field, and the pleasure of success that comes from hitting the target. Such things feel right to hunters and shooters, and owning the right firearm makes them even better. Everything Franchi does is devoted to making sure our customers feel right about owning one of our firearms.

Franchi is the brand exclusively dedicated to building quality firearms that feature exceptional fit and feel for the ultimate shooting experience. Easy to use and maintain, each of our firearms is meticulously engineered to pair superior ergonomics with ultra-reliable actions so that our customers experience many years of shooting enjoyment and success.

Nothing feels like a Franchi.

Franchi Introduces Three New Exclusive Camo Finishes **NEW!**

Franchi Biome™
Franchi Terra™
Franchi Verdant™

Franchi is pleased to announce the introduction of three new camouflage patterns to our Momentum Elite rifle line. We recognize that hunters are looking beyond traditional camo patterns to seek out premium quality and performance in their gear. To keep in step with these trends, Franchi has developed these authentic designs to work in-sync with both a hunter's environment as well as the products they choose to employ.

Each of our patterns has broad applications and is highly effective in a range of habitats without being locked into an environment. These patterns employ both micro and macro elements to break up the straight-line horizontals of Franchi firearms and optimizes those elements at shooting distances. Any way you look at it, we're delivering adaptability and performance in every detail.

BIOME

FRANCHI BIOME™ is designed to blend seamlessly with the natural world, mirroring the colors and textures hunters encounter in the field. This pattern combines shades of light and dark green, earthy bottomland brown, and shifting shadows to adapt to diverse environments. The layered design evokes the look of sunlight filtering through early-season foliage or the subtle hues of lichen-covered terrain. Whether you're stalking through dense woods or traversing open tundra, Franchi Biome™ keeps you concealed and ready, no matter where the hunt takes you.

TERRA

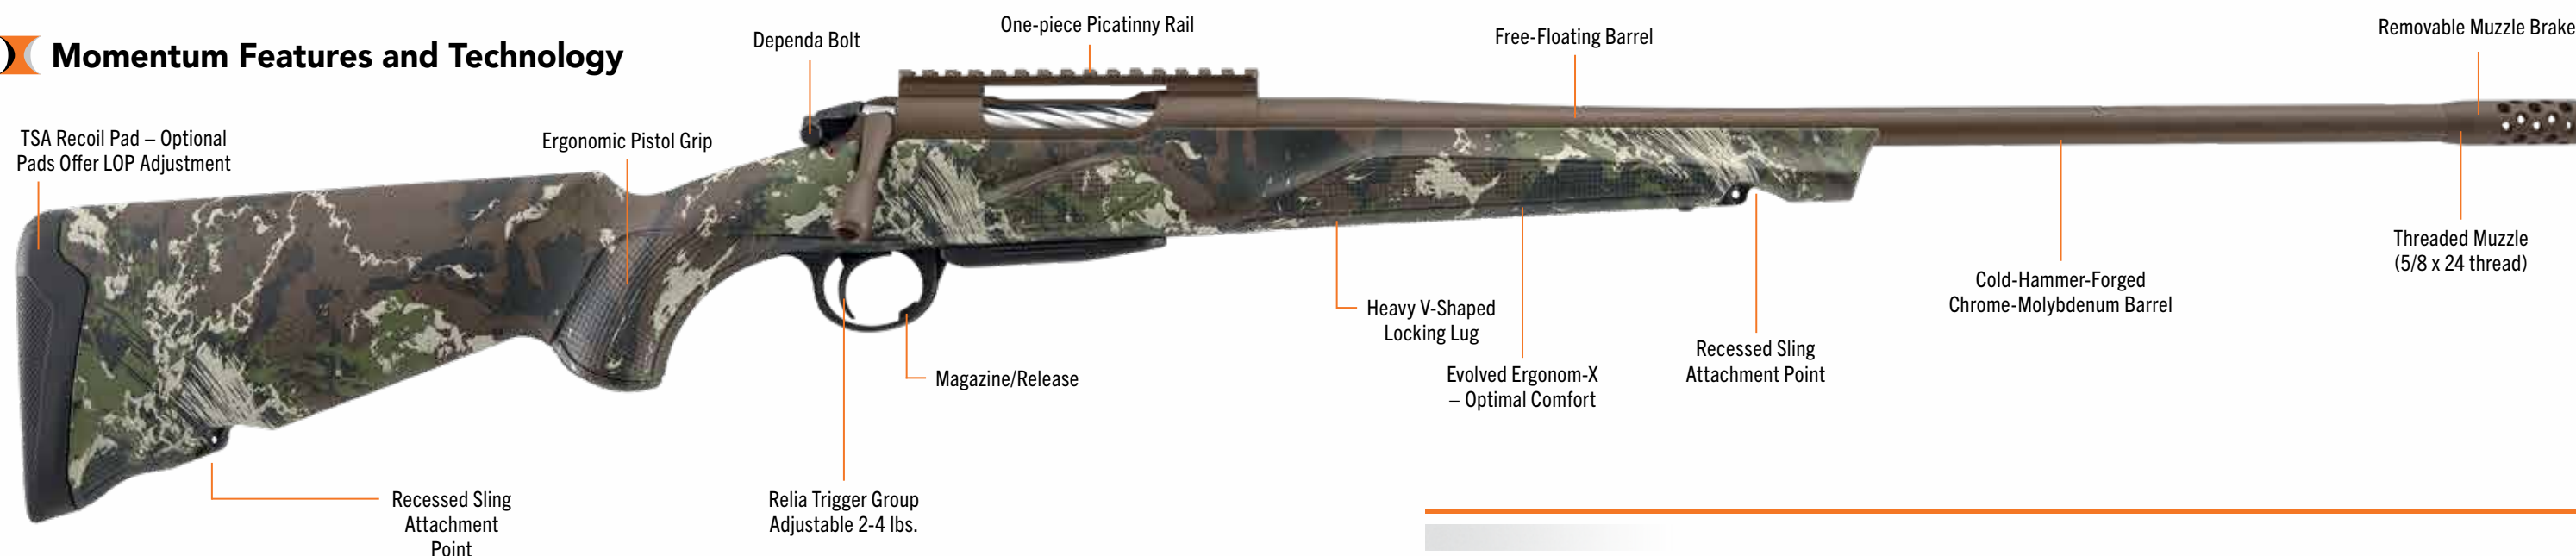

FRANCHI TERRA™ brings together rich earth tones and light highland hues to create a pattern inspired by the landscapes hunters know best. From the deep browns and blacks of fall whitetail woods to the tans and grays of rocky western slopes or arid desert flats, this design adapts to the terrain wherever the hunt takes you. Perfect for late-season pursuits, Franchi Terra™ blends seamlessly whether you're perched in a treestand or stalking through open country, ready for that once-in-a-lifetime buck.

VERDANT

FRANCHI VERDANT™ captures the vibrant look of fresh meadow grass and early green-up vegetation. With hints of bright green clover, tan prairie grasses, rich brown earth, and deep shadows, this pattern is built to adapt. Whether you're working a summer prairie dog town or gearing up for early-season predator control, Franchi Verdant™ blends seamlessly into the environment. Designed for versatility across diverse terrains, it keeps you concealed in the field while giving your rifle a distinct, standout look.

Momentum Features and Technology

Feels right: In the crowded bolt-action market, Franchi continues to build a rifle from the ground up based on ergonomics, fit and feel.

The Momentum is an extension of the shooter's body, regardless of shooting position. The stock combines sleek lines and crisp checkering to offer an ideal hold in five different positions on and off the bench. Recessed swivel attachments keep your sling from making noise. The Twin Shock Absorber recoil pad—the same we use for our shotguns—absorbs up to 50% of felt recoil, minimizes muzzle jump and helps you get back on target quickly.

The action features an optimal blend of comfort and crispness with exceptionally smooth bolt operation and a short 60-degree lift. The single-stage trigger can be adjusted from 2 to 4 lbs. and teams with the free-floating barrel to deliver superb accuracy.

Lastly, Momentum's exceptional style and modern attitude place it in a class of its own. It sports a spirally fluted bolt, exquisitely designed stock with science-based ergonomics, and a Franchi logo on the grip cap. In all, the Momentum is a rifle that looks as right as it feels and performs.

EVOLVED ERGONOM-X

The stock of the Momentum is truly revolutionary. It combines raised curves and crisp checkering to offer the most ergonomic feel and positive hold in five frequently used shooting positions. Most uniquely, the raised curves enable your supporting hand not only to grip the stock steadily, but also to exert forward or backward pressure if needed.

EVOLVED ERGONOM-X

Designed from the ground up to provide optimal comfort in any shooting position

MOA GUARANTEE

Accuracy-tested to ensure 1 MOA accuracy with premium factory ammunition.

DEPENDA BOLT

Ultra smooth, efficient, and solid operation in the moments that matter most.

RELIA TRIGGER

Adjustable single-stage trigger ensures a crisp and clean break to make every shot count.

TSA RECOIL PAD

Reduces up to 50% of felt recoil for quicker follow-up shots and increased comfort.

7 YEAR WARRANTY

Your Franchi is backed by a 7-Year Warranty.

A 7-Year Warranty guarantees that if anything should go wrong, under normal use, your firearm will be serviced for you by skilled gunsmiths at our national firearm service center. While your Franchi is under warranty, we will assume the cost of parts, labor and shipping required to get your firearm back to you and working perfectly.

The one-piece bolt is spirally fluted and features three large locking lugs for a rock-solid lockup to enhance accuracy and reliability. The bolt is easily disassembled and has a short, 60-degree throw.

RELIA TRIGGER

The single-stage trigger is especially crisp and adjustable from 2 to 4 lbs.

TSA RECOIL PAD

The proven TSA recoil pad absorbs up to 50% of felt recoil and will not snag on your clothes as you shoulder the rifle. Also, a checkered recess at the rear of the stock will comfortably accommodate your left hand as you shoot from a bench.

Momentum Elite Series
Outstanding Shooting Comfort and Accuracy

FRANCHI MOMENTUM ELITE
BOLT-ACTION RIFLE
ITEM # 41715 Franchi Biome™

SPECIFICATIONS AND PRICES SUBJECT TO CHANGE WITHOUT NOTICE.

A medium-size TSA recoil pad is included to give the rifle a 14- inch length of pull, and help reduce felt recoil up to 50 percent. Large and small TSA pads can be ordered separately to the adjust length of pull for a custom fit.

A removable, checkered-polymer grip is included to promote a sure hold when hunting in inclement weather.

A medium-size, removable cheek pad is included to promote an ideal sight picture. Large and small pads can be ordered separately to fit the rifle to shooters of different sizes.

Each rifle comes with two magazines - one fits flush to the stock, the other is extended. The .223 model's small magazine has a four-round capacity, the .22-250, 6.5 Creedmoor and .308 Win. hold three rounds. The extended magazines for the .223, .22-250, 6.5 Creedmoor and .308 Win. hold eight rounds.

Franchi sets a new standard for everyday use rifles with the Momentum All-Terrain Elite. It has all the accuracy-enhancing, recoil-mitigating features found in other Momentum firearms, but is optimized for carry in a truck or ATV as your constant companion. Both the .223 and .308 models can shoot their 5.56 and 7.62 NATO counterparts. The sleek, modular stock has a low-rise comb and is equipped with M-LOK and QD sling attachment points. It's topped with a long, free-floated Picatinny rail so you can mount optics traditionally, or in a scout rifle configuration. Flip-up adjustable sights give you multiple sightpicture options. The threaded, free-floating 18-inch barrel comes with a muzzle brake and is ready to accept your suppressor. A 10-round Magpul® AICS magazine is included, and a number of aftermarket options are available to customize the fit and feel of your rifle.

SPECIFICATIONS: Capacity: 10+1 Twist: .308 Win. 1:11, RH; .223 Rem. 1:8, RH; BBL: Free-floating, Threaded Length of Pull: 14"

Three M-LOK attachment points on the stock forend accommodate a wide range of accessories. Each mounting point has a pair of M-LOK slots and a QD slot for sling attachment.

In the down position, the flip-up rear sights can be used in the standard rear notch/front blade configuration for fast target acquisition. In the up position, the rear sight is adjustable for windage and elevation and presents a sight picture similar to that of many modern sporting rifles.

The extra-long Picatinny rail allows optics to be placed traditionally to the rear, or farther forward in a scout rifle configuration. It is also free-floated so as not to impact barrel harmonics and accuracy.

Each Momentum All-Terrain Elite rifle comes with a 10-round Magpul AICS magazine. Known for durability and reliable operation, it is the most advanced and reliable bolt-action rifle magazine on the market today.

SPECIFICATIONS: Capacity: 3+1 Twist: .308 Win., .30-06 1:11, RH; .270 Winchester 1:10, RH; .350 Legend 1:16, RH; .450 Bushmaster 1:24, RH; 6.5 Creedmoor 1:8, RH; BBL: Free-floating, Threaded Length of Pull: 14"

The Momentum sports a hinged-floorplate magazine with the release located in the trigger guard. The catch must be fully depressed to release the floorplate, which minimizes the chance of doing so accidentally. (Shown with optional scope base)

With the two-position safety on, you can still operate the bolt, letting you safely chamber a round or remove it from the chamber at the end of your hunt. The single-stage trigger is especially crisp and adjustable from 2 to 4 lbs. (shown with optional scope base)

Affinity Shotguns

The Affinity shotgun line seamlessly blends Italian craftsmanship with the American passion for fine shotguns and the great outdoors. These exceptional semiautomatic firearms from Franchi are renowned for their reliable performance and have become the preferred choice of discerning firearm enthusiasts for generations. With sleek lines and perfect balance, the Franchi Affinity helps you get on target quickly and intuitively, leading to greater success in the field.

Affinity 3.5 & 3 Features **NEW!**

Crafted For Form and Reliability

Available in 3" or 3.5" magnum configurations, these Italian-crafted semiautomatic shotguns have received upgrades in both style and features. The aesthetic redesign offers enhanced ergonomics with improved checkering, sleek contours, and outstanding fit and balance. Functional upgrades include a new two-piece shell latch for ease of loading and unloading. An improved and enlarged trigger guard allows easier access with gloved hands. The new bolt release button teams with a large charging handle to offer easy operation in any weather. Also new is an adjustable recoil pad with a spacer to customize the length of pull. And Franchi's time-tested, inertia-driven action ensures years of reliable, fast-cycling performance.

Your Franchi is backed by a 7-Year Warranty.
A 7-Year Warranty guarantees that if anything should go wrong, under normal use, your firearm will be serviced for you by skilled gunsmiths at our national firearm service center. While your Franchi is under warranty, we will assume the cost of parts, labor and shipping required to get your firearm back to you and working perfectly.

Designed from the ground up to provide optimal comfort in any shooting position

Clean, reliable, and light-weight operation provides for ideal performance and easy maintenance.

Proprietary forcing cones provide for more consistent patterning, less felt recoil, and quicker follow-up shots.

Stock drop and cast adjustability for a truly optimized shooting experience.

Reduces up to 50% of felt recoil for quicker follow-up shots and increased comfort.

The **Inertia Driven®** system, employed in the Franchi Affinity 3 and 3.5, affords these shotguns a lighter, slimmer profile for better handling. With no heavy gas cylinder under the forend, Franchi Inertia Driven® shotguns balance and swing like a fine game gun should.

PROVEN RELIABILITY — The Inertia Driven® system never needs adjusting and will cycle anything from field loads to 3½" magnums with consistent reliability year after year, after year.

SIMPLICITY — Inertia Driven® is simple with only three primary parts: the bolt body, the inertia spring and the rotating bolt head.

FASTER — With a greatly reduced mass of parts, Inertia Driven® shotguns shoot faster.

CLEANER — Gas, smoke and burnt powder stay in the barrel where they belong, rather than being channeled into the gun's mechanism, as they are in gas-operated systems.

STRONG — The strong steel locking lugs on the Inertia Driven® system's rotating bolt head not only lock steel-to-steel into the gun's barrel; the lugs lock in even tighter during firing.

LOW MAINTENANCE — The Inertia Driven® system is much cleaner, so gun cleaning takes a fraction of the time that it takes to clean a gas-system gun.

EASY LOADING

Enlarged loading port

The enlarged loading port makes loading additional shells quick and easy, a must in weather that requires gloves.

ENLARGED TRIGGER GUARD

Over-sized controls

A redesigned trigger guard make for easy operation of the action, even with gloved hands.

ADJUSTABLE L.O.P.

TSA recoil pad with stock spacer

Adjust the length of pull right out of the box with the included stock spacer for a custom fit that feels right.

TWO-PIECE CARRIER LATCH

Easier magazine loading

During loading, only the front section of the two-piece carrier latch actually moves, allowing shells to slide up easily with minimal resistance.

CHROME-LINED BARREL

Screw-in Mobil chokes

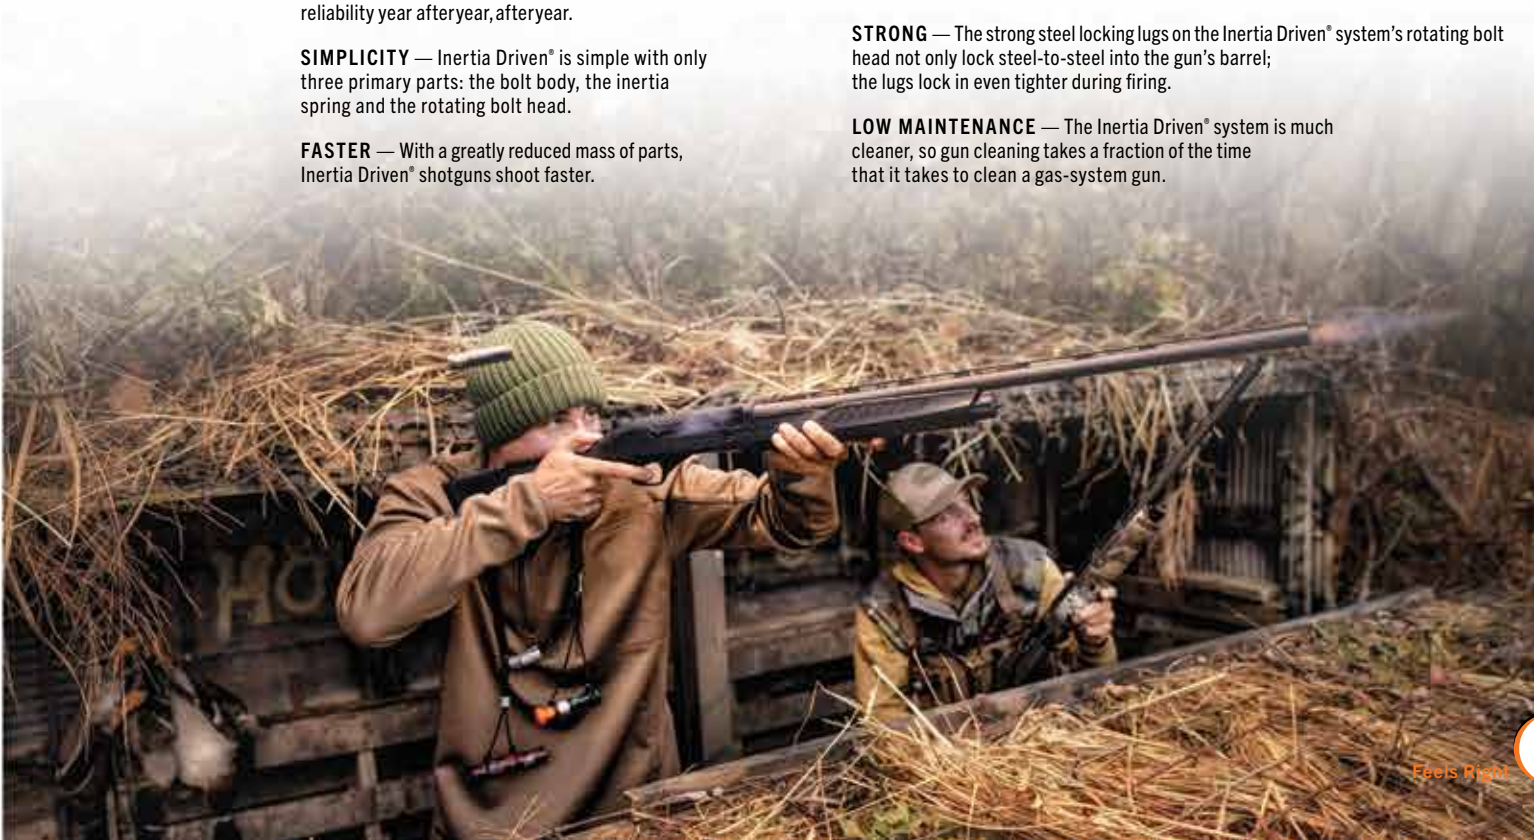

The chrome-lined, vent rib barrel is fitted with a redesigned fiber-optic front sight and uses Mobil chokes.

ERGONOMIC PISTOL GRIP

Redesigned checkering

The thin, ergonomic pistol grip and redesigned checkering translate to a quick, smooth handling shotgun that you'll love taking to the field or range.

If you're a waterfowler, you know the value of a shotgun that can do it all—and the Affinity 3.5 delivers. Whether you're calling geese into the pit, knocking down mallards in flooded timber, or dusting clays in the offseason, this shotgun handles it all with authority. It reliably cycles everything from 2-3/4" game loads to hard-hitting 3.5" magnums, giving you unmatched versatility in the blind and beyond. Now, it's even better: upgraded checkering ensures a solid grip in the harshest weather, a larger trigger guard makes operation easy with gloves, and a two-piece shell latch simplifies loading and unloading. With an improved bolt-release button and timeless Italian craftsmanship, the Affinity 3.5 is built for hunters who demand performance and durability season after season.

Textured grip ensures confident handling, even in the most extreme conditions.

TSA
RECOIL PAD

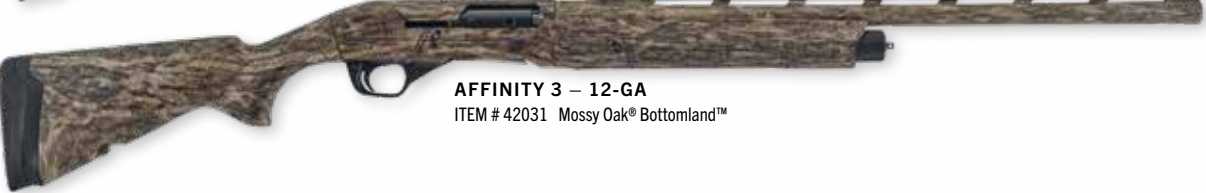

Franchi has taken our already exceptional Affinity 3 and tweaked a few things to solidify its class-dominating performance. We gave it a slimmer profile with enhanced ergonomics to deliver amazing instinctive pointability and swing-through balance. New checkering on the grip and forend offer improved grasp in slick conditions, and a larger trigger guard opening makes shooting with gloves easier. We added a new two-piece shell latch to improve loading and unloading characteristics, and a new bolt-release button is easier to find and deploy with gloves or in low light. Two things we didn't touch were the splendid Italian craftsmanship and the famously durable, reliable and fast-shooting inertia-driven action.

Affinity 3 & 3.5 Features

Function Meets Italian-Crafted Form

The proven design of the inertia-driven Franchi Affinity just got better. Available in 3" or 3.5" magnum configurations, these Italian-crafted, semi-automatic shotguns have been upgraded with oversized bolt releases and charging handles, plus an improved easy-to-use loading ports. Additional features include drilled and tapped receivers, stepped vent ribs, fiber-optic front sights, Mobil choke systems and a variety of finish options...all backed by the Franchi 7-year warranty.

EASY OPERATION

Over-sized controls

An oversized bolt release and charging handle make for easy operation of the action, even with gloved hands.

EASY SCOPE MOUNTING

Drilled & tapped

The Affinity 3 and 3.5 receivers are drilled and tapped to facilitate quick and easy mounting of optics and accessories.

EASY LOADING

Enlarged loading port

The enlarged loading port makes loading additional shells quick and easy, a must in weather that requires gloves.

CHROME-LINED BARREL

Uses screw-in Mobil chokes

The chrome-lined, vent rib barrel is fitted with a fiber-optic front sight and uses readily available Mobil chokes.

Your Franchi is backed by a 7-Year Warranty.
A 7-Year Warranty guarantees that if anything should go wrong, under normal use, your firearm will be serviced for you by skilled gunsmiths at our national firearm service center. While your Franchi is under warranty, we will assume the cost of parts, labor and shipping required to get your firearm back to you and working perfectly.

Designed from the ground up to provide optimal comfort in any shooting position

Clean, reliable, and lightweight operation provides for ideal performance and easy maintenance.

Proprietary forcing cones provide for more consistent patterning, less felt recoil, and quicker follow-up shots.

Stock drop and cast adjustability for a truly optimized shooting experience.

Reduces up to 50% of felt recoil for quicker follow-up shots and increased comfort.

The **Inertia Driven®** system, employed in the Franchi Affinity 3 and 3.5, affords these shotguns a lighter, slimmer profile for better handling. With no heavy gas cylinder under the forend, Franchi Inertia Driven® shotguns balance and swing like a fine game gun should.

PROVEN RELIABILITY — The Inertia Driven® system never needs adjusting and will cycle anything from field loads to 3½" magnums with consistent reliability year after year, after year.

SIMPLICITY — Inertia Driven® is simple with only three primary parts: the bolt body, the inertia spring and the rotating bolt head.

FASTER — With a greatly reduced mass of parts, Inertia Driven® shotguns shoot faster.

CLEANER — Gas, smoke and burnt powder stay in the barrel where they belong, rather than being channeled into the gun's mechanism, as they are in gas-operated systems.

STRONG — The strong steel locking lugs on the Inertia Driven® system's rotating bolt head not only lock steel-to-steel into the gun's barrel; the lugs lock in even tighter during firing.

LOW MAINTENANCE — The Inertia Driven® system is much cleaner, so gun cleaning takes a fraction of the time that it takes to clean a gas-system gun.

Affinity Upland Elite

Light, Quick, Reliable and Elegant

AFFINITY
ELITE

Upland hunters cover a lot of ground in pursuit of quick-flushing, fast-flying game, making light weight and consistent performance essential qualities in a fine upland shotgun. Franchi engineers developed the Affinity Upland Elite Series shotguns with this in mind and went the extra mile to add even more features to create a superior, hunter-friendly shotgun. Fiber-optic sights rapidly get you on target in variable light situations. Wide loading ports team with large bolt releases and oversized handles for easy operation when wearing gloves. TSA recoil pads dramatically reduce felt recoil. Stocks are adjustable for drop and cast, ensuring optimal fit and feel. All this in a handsome, balanced and ergonomic shotgun made especially for upland hunters.

Affinity 3.5 and 3 Turkey Elite

Optimized for Serious Pursuit

We took our popular Affinity shotgun, listened to feedback from avid turkey hunters, and optimized the platform into an ergonomic turkey-slaying machine. We added a pistol grip stock and 24" barrel with a hooded front sight for hunting in heavy cover, and combined OPTIFADE™ Subalpine camo with a Midnight Bronze Cerakote finish on the receiver and barrel to provide superior concealment in the woods. We used Precision Cone Patterning to lengthen the forcing cone, and added Rhino extended turkey choke tubes to ensure consistent, tight and lethal shot patterns. A Picatinny rail atop the receiver can be used to mount optics. Step into the ranks of the turkey-hunting elite with this firearm. To do so feels right.

RHINO
SHOOTING SPORTS

Two extended, ported, color-coded turkey chokes (Turkey and Extra-Full Turkey) from Rhino Chokes come with Affinity Turkey Elite shotguns so you can change them quickly and optimize patterns for conditions.

When and where to hunt, what gear to bring and what ammo to use. These are among many choices hunters make before the season begins. But one thing we don't get to choose is the weather. That's why Franchi made these versions of its proven Affinity 3.5 shotgun to withstand moisture, rain, snow and ice using tough, weather-resistant Cerakote® finishes. These shotguns have best-in-class features to make your hunt both memorable and enjoyable, no matter what the weather is doing. Purposefully engineered ergonomics and adjustable, custom-fit stocks team to deliver superior pointability, while TSA recoil pads reduce felt recoil up to 50 percent - even with heavy magnum loads. Oversized bolt controls and beveled loading ports make operation and loading easier when wearing gloves. Shoulder an Affinity 3.5, and you'll immediately see why serious hunters choose Franchi shotguns - they just feel right.

A TSA recoil pad works with the Affinity 3.5's ergonomic stock to cut recoil by up to 50 percent. A medium pad is included. Large and small pads can be ordered separately to adjust length of pull.

TSA
RECOIL PAD

The Franchi Affinity 3 Sport Trap is an ideal entry-level shotgun for beginners seeking versatility and reliability. Whether you're into amateur shooting programs or lifelong hunting, this shotgun delivers. The Stepped Vent Rib ensures an elevated hold for a clear line of sight, and extended choke tubes allow for adjusting the shot pattern for different scenarios. With a 30-inch ported barrel, it strikes a balance between maneuverability and smooth swinging, reducing muzzle rise and recoil. The durable black synthetic stock and blued finish give it a stylish look. The oversized bolt handle and controls enhance functionality. Overall, it's a top choice for entry-level shooters, providing exceptional performance and versatility.

TSA
RECOIL PAD

Meet the Affinity 3 Sporting—A great-looking, clays-smashing semi-automatic loaded with features typically found on shotguns costing far more. The receiver sports a white anodized finish that pleasantly highlights the chrome-accented bolt and trigger, as well as the oiled-walnut stock and forend. Barrel porting teams with the TSA recoil pad and our exclusive Inertia Driven® technology to make the Affinity 3 Sporting comfortable to shoot during back-to-back matches. Adjustable for drop and cast, the ergonomic design is optimized for the fit and performance needed during extended use. Three extended choke tubes and a choke wrench are included.

A polished-chrome bolt with an oversized handle sits inside a receiver sporting white anodized finish and a large bolt-release button. The wide loading port makes for quick, easy loading.

The matte-blue, chrome-lined barrel has a raised vent rib and is ported to reduce recoil and muzzle rise. A fiber-optic sight aids target acquisition, and the included Mobil choke system produces consistent shot patterns.

Affinity 3 Compact

Full Function in Compact Form

Franchi's Affinity 3 Compact is a short-stock, 24-inch or 26-inch version of the full-size Affinity 3. The buttstock offers a 12³/₈-inch length-of-pull, to which, ¼" spacers can be added. As a young shooter grows, so grows the gun. When appropriate, a full-size buttstock can be fitted to the Affinity 3 Compact.

STANDARD FEATURES

CHOKE TUBES: IC, M, F and wrench.
FINISHES: Realtree® Max-7,® Mossy Oak® Bottomland™ or Black synthetic.
SHIM KIT: For adjustment of drop and cast.

Affinity 3 Catalyst

The Ultimate Auto-Loader for Women

AFFINITY 3 CATALYST – 12-GA, 3"
ITEM # 40872 A-Grade satin walnut

AFFINITY 3 CATALYST – 20-GA, 3"
ITEM # 40873 A-Grade satin walnut

Take the popular Affinity 3, optimize it for women’s physical structure and you get the Affinity Catalyst. No, it is not a renamed youth model, as is true with other brands; it is the result of a scientific study aimed to deliver professional-level performance for women. The heart of the concept is the stock—drop, cast, pitch and length of pull. As women’s cheek-bones sit higher than men’s, the comb is raised to achieve eye-alignment with no need to lift the head. Also, the special cast makes it easy to shoulder. In all, the Affinity Catalyst will give women the feel and function that serious shooters expect of their firearms.

The A-Grade satin walnut stock of the Affinity 3 Catalyst has been specifically designed to better accommodate a woman’s build. The drop, cast, pitch, and length of pull have all been tailored to women shooters.

The Affinity 3 Catalyst features a 3-inch chamber, that handles everything from 2¾-inch, 1½ ounce target loads to the heavy 3-inch magnum loads for waterfowl and turkey. The conveniently located safety, at the rear of the trigger guard, makes for easier, more intuitive operation.

A Franchi Instinct shotgun is the central focus, leaning against a rustic wooden fence made of weathered logs. The shotgun has a dark wood stock and forend, a silver receiver with intricate engraving, and a long, dark barrel. A pheasant is perched on the fence behind the shotgun, and a brown leather bag with a white 'F' logo is hanging from the fence. The background shows a vast field of tall, dry grass under a cloudy sky, with snow-capped mountains in the distance.

Instinct Shotguns

Exquisite craftsmanship and design elegance merge with balance and ergonomics for the ultimate experience in your hands and in the field. The Franchi Instinct has something for everyone who is looking for both beauty and value in an over & under shotgun.

Franchi's newest sideplate-style shotgun continues to transcend to a time when European gunsmiths crafted the most elegant firearms in the world. Sleek lines, luxurious wood, fine engraving and gold inlays combine to make this one of the most beautiful shotguns you've ever laid eyes on. The engraved aluminum receiver perfectly accents the gloss blue barrel and features exquisite engraving with gold inlay to match the gold-plated trigger. The Prince of Wales stock and Schnabel forend are AA-grade walnut with checkering to ensure a firm grip. A red fiber-optic front bar on the ventilated rib sets atop the 28-inch barrel to allow you to get on target quickly. Five extended black screw-in chokes are included.

The Franchi SPLX sports intricate engraving with gold inlay on the polished receiver and trigger guard. A gold-plated trigger and rich AA-Grade walnut stock add to the firearm's elegant good looks.

Franchi SPLX shotguns are equipped with automatic ejectors to quickly clear spent hulls and facilitate fast reloading. The tang-mounted safety automatically resets to the on position when the action is opened.

The Instinct Sideplate is a modern testimony to vintage Italian craftsmanship. The beauty of the wood, case-hardened receiver, engraving, gold inlays, checkering and finish is breathtaking. And this fine shotgun shoots as good as it looks. A custom-fitted hard case is provided to protect your investment.

Instinct SLX

An Elegant Performer

Franchi engineers successfully blended the superior shooting performance and reduced weight of the SL shotgun with deluxe aesthetics to create an over/under shotgun as splendid to look at as it is to shoot. Traditional floral engraving on the receiver is complemented by a gold-plated trigger and inlays. AA-Grade walnut with handsome checkering is beautiful yet functional, offering sure grasp in any weather on the Prince of Wales grip and Schnabel forend. Superior ergonomics afford comfortable shooting, excellent balance and instinctive pointability. The Instinct SLX also features automatic ejectors, a barrel-select switch and a tang-mounted safety that automatically engages at the break. The shotgun comes with five extended choke tubes and a sturdy hard case. Step into the realm of shooting excellence. Order the Franchi SLX over/under shotgun today.

The Franchi SLX sports intricate engraving with gold inlay on the polished receiver and trigger guard. A gold-plated trigger and rich AA-Grade walnut stock add to the firearm's elegant good looks.

Franchi SLX shotguns are equipped with automatic ejectors to quickly clear spent hulls and facilitate fast reloading. The tang-mounted safety automatically resets to the on position when the action is opened.

The SLX comes with five extended Mobil choke tubes including C, IC, M, IM, F. A choke wrench is also included.

Instinct LX
Instinct - It's Compelling

INSTINCT LX – 12-GA, 3"
ITEM # 41160 AA-Grade satin walnut, Color case-hardened receiver, engraved game scenes with gold bird inlays, blue barrels

INSTINCT LX – 20-GA, 3"
ITEM # 41170 AA-Grade satin walnut, Color case-hardened receiver, engraved game scenes with gold bird inlays, blue barrels

What shotgun shooter doesn't instinctively desire to one day own a fine over/under? Engineers and artisans at Franchi present the Instinct LX, the shotgun you've yearned for, at a price representing outstanding value. From the handsomely checkered AA-Grade walnut stock and Schnabel forend, to the engraved receiver with gold-inlaid highlights, this firearm is a masterpiece. The Instinct LX is infused with performance features, including best-in-class ergonomics, to deliver an exceptional shooting experience. Vented gloss-blue barrels with extended choke tubes offer optimal patterning. A red fiber-optic bead atop the vented rib gets you on target fast. The safety-mounted selector switch lets you choose which barrel fires first, while ejectors throw spent hulls clear. This fine firearm comes with three extended chokes, a choke wrench and a fitted hard case, along with the satisfaction of heeding the call of your Instinct.

Each Instinct LX is an example of fine Italian craftsmanship. The color case-hardened steel receiver is engraved with a hunting scene and gold-inlaid highlights. The Prince of Wales stock and Schnabel-style forend are crafted from AA-Grade satin walnut with cut checkering. Gloss-blued barrels and a gold trigger complete the handsome appearance. A custom-fitted hard case is provided to protect your Instinct.

Instinct SL
Super Light • Super Fast

The Instinct SL stock, cut from fine A-grade walnut in the classic Prince of Wales style, features cut-checkering and sports a lustrous oil-finish. The lightweight alloy receiver houses a distinctive trigger and trigger guard displaying a gold-inlaid Franchi logo.

The Instinct SL receiver features a unique scalloped design and is fitted with automatic ejectors. The shotgun employs a locking bolt that emerges from the bottom of the standing breech to engage a recess machined into the barrel monobloc.

Instinct L
Perfectly Balanced

INSTINCT L – 12-GA, 3"
ITEM # 40800 A-Grade satin walnut
Color case-hardened receiver, blue barrels

INSTINCT L – 20-GA, 3"
ITEM # 40810 A-Grade satin walnut
Color case-hardened receiver, blue barrels

The Instinct L receiver is all-steel construction and is fitted with automatic ejectors. The light weight of the Instinct L models allow for a smooth, balanced swing on fast-moving targets or birds.

The Instinct L features an all-steel, extra-strong color case-hardened receiver with the name “Instinct L” engraved in gold on the right side. The distinctive receiver includes a tang-mounted automatic safety with a barrel selector. An attractive gold-plated trigger completes the Instinct L’s stylish look. The Prince of Wales-style stock is cut from A-Grade satin walnut and features cut checkering on the slim forend and pistol grip. A traditional satin oil-finish complements the wood’s beautiful grain and protects the stock from the elements.

The Instinct L receiver is color case-hardened for strength and an attractive look. The trigger guard displays a gold-inlaid Franchi logo.

Instinct Sporting II
Clay-Busting Perfection

The slim ergonomic forend sports a flared Schnabel shape.

Franchi's Instinct Sporting II over/under shotgun was inspired by the specific needs of clay-target shooters. The 30-inch barrels are ported to mitigate recoil and muzzle rise. Included knurled and extended choke tubes are easily identified and changed. A barrel-selector switch is integrated into the tang-mounted safety so you can choose which barrel shoots first. The fiber-optic front sight helps you line up targets quickly. Extractors lift spent hulls from the barrels for easy manual removal on the range. All this in a handsome firearm sporting an A-Grade checkered-walnut grip, stock and Schnabel-style forend, a contrasting all-steel receiver, and a gold-plated trigger. Enjoy an optimal blend of aesthetics and performance with the Instinct Sporting shotgun from Franchi. Available in 12- or 20-gauge.

INSTINCT SPORTING II – 12-GA, 3"
ITEM # 41140 A-Grade satin walnut, steel receiver, gloss-blue ported barrels

The Instinct Sporting II features 30-inch ported barrels with a wide, vented rib and an easy-to-see fiber-optic front sight for fast target alignment. Knurled extended choke tubes are easily identified and changed quickly with minimal effort.

The Instinct Sporting II model features a pistol grip with a right-hand palm swell and cut checkering to promote a positive hold and optimal control. The tang-mounted thumb safety has a barrel-select switch so you can choose which of the barrels fires first.

Proper fit is essential to success in shotgun sports and the Instinct Sporting II is equipped with an adjustable comb to accomplish just that. Raise or lower the comb as needed to attain a consistent cheek weld and sight picture again and again.
